

TRIBUTE TO LIEUTENANT GENERAL ROBERT B. FLOWERS

• Mr. CONRAD. Mr. President, I want to take a few moments today to publicly thank Lieutenant General Robert Flowers, who left his post as commander and chief of engineers of the U.S. Army Corps of Engineers on July 1. General Flowers is one of the finest individuals I have worked with as a U.S. Senator representing North Dakota. He is not only a fine, trusted public servant, he is also a good friend.

North Dakota and the Nation owe General Flowers a deep debt of gratitude. He served as chief of engineers for 4 years, and he served admirably. During that period, he helped advance the construction of the Grand Forks flood control project and other important flood control projects in the Red River Valley. He also fought hand in hand with the North Dakota congressional delegation as we have worked to implement solutions to the chronic flood at Devils Lake. Throughout it all, he has always gone above and beyond the call of duty.

General Flowers is one of the most capable leaders of the Corps of Engineers I have ever had the pleasure of working with. He is a true professional, and has a unique ability to walk into a difficult condition, assess the situation, and calmly, but decisively, take action. He listens carefully to people and has a leadership style that invites creative solutions to complex problems.

General Flowers is also a man of tremendous integrity. He cares deeply about the people of this Nation, and his commitment to doing the right thing was unmatched. He was willing to fight for the needs of common citizens, even if it meant leading an uphill fight and challenging others within the Corps. To General Flowers, "no" was simply unacceptable. He worked diligently to turn over every stone and formulate solutions that are workable and responsive to the water challenges faced by communities across the country.

I know that the General Flowers leaves the Corps a much better organization due to his leadership. The General set high standards for his team, and they delivered time and time again. I will not forget the contributions General Flowers has made to the people of my State and the country.

I want to again express my deep appreciation and respect for General Flowers for his service to my state and to our Nation. We in North Dakota will miss you, General, but wish you all the best.●

RETIREMENT OF ADMIRAL JAMES O. ELLIS, JR. FROM U.S. STRATEGIC COMMAND

• Mr. NELSON of Florida. Mr. President, today, it is my honor and my privilege to recognize one of the finest officers in the U.S. Navy, and a good friend of mine, ADM James O. Ellis, Jr.

For the past 3 years, ADM Jim Ellis has demonstrated his leadership as commander of United States Strategic Command. During his time at Offutt AFB, in Nebraska, Jim Ellis personified the Navy's core values of integrity, selfless service, and excellence in all things. I join the many Members and staff who enjoyed the opportunity to meet with him on a variety of strategic issues and came to appreciate his ability to integrate his many talents at Offutt.

Admiral Ellis is retiring from his post tomorrow. There will be a ceremony in Omaha to honor him that I will attend.

Today, it is my privilege to recognize with admiration and thanks some of Admiral Ellis' many accomplishments since he entered the military 35 years ago, and to commend the superb service he provided the Navy, the Congress and the Nation. Admiral Ellis is a 1969 graduate of the U.S. Naval Academy. He was designated a Naval aviator in 1971 and has held a variety of sea and shore assignments since 1972.

His sea duty billets as a Navy fighter pilot included tours with Fighter Squadron 92 aboard USS *Constellation*, CV 64, and Fighter Squadron 1 aboard USS *Ranger*, CV 61.

From early in his career, Jim Ellis' exceptional leadership skills were evident as he repeatedly proved himself in select command positions. Admiral Ellis was the first Commanding Officer of Strike/Fighter Squadron 131, deploying in 1985 with new F/A-18 Hornets aboard USS *Coral Sea*, CV 43. He served as executive officer of the nuclear-powered aircraft carrier USS *Karleson*, CVN 70, and as commanding officer of USS *LaSalle*, AGF 3, the Arabian Gulf flagship of the Commander, Joint Task Force, Middle East.

In 1991, Admiral Ellis assumed command of the USS *Abraham Lincoln*, CVN 72, and participated in Operation Desert Storm while deployed during her maiden voyage in the western Pacific and Arabian Gulf. In June 1995, Admiral Ellis assumed command of Carrier Group FIVE/Battle Force SEVENTH Fleet, breaking his flag aboard USS *Independence*, CV 62, forward deployed to the Western Pacific and homeported in Yokosuka, Japan. As carrier battle group commander he led contingency response operations to both the Arabian Gulf and Taiwan Straits.

Admiral Ellis also excelled in a variety of key shore and staff assignments that included tours as an experimental/operational test pilot, service in the Navy Office of Legislative Affairs, and duty as F/A-18 program coordinator, deputy chief of Naval Operations, Air Warfare. He also served as deputy commander and chief of Staff, Joint Task Force FIVE, the counternarcotics force for U.S. Commander in Chief Pacific. In November 1993 he reported as inspector general, U.S. Atlantic Fleet, and subsequently served as director for Operations, Plans and Policy, N3/N5, on

the staff of the commander in chief, U.S. Atlantic Fleet. He assumed duties as deputy chief of Naval Operations—Plans, Policy and Operations—in November 1996.

Admiral Ellis became commander in chief, U.S. Naval Forces, Europe headquartered in London, England, and commander in chief, Allied Forces, Southern Europe headquartered in Naples, Italy, in October 1998. During his time serving in Europe, Admiral Ellis provided support to NATO forces as they waged war over Kosovo.

I was especially pleased when he was nominated to continue service to the Nation as commander, U.S. Strategic Command in 2001. As such, Admiral Ellis is responsible for the global command and control of U.S. strategic forces and provides a sweeping range of strategic capabilities and options for the President and Secretary of Defense. While combatant commander in 2002, Admiral Ellis oversaw the merger of U.S. Space Command with U.S. Strategic Command, demonstrating exemplary leadership during a critical period of transition.

Over the years, Admiral Ellis's leadership, professionalism and expertise enabled him to foster exceptional rapport with many Members of both the Senate and the House. I am personally grateful for his friendship. I offer congratulations to him and his wife, Polly, on his exceptionally well-deserved retirement. The Congress and country applaud the selfless commitment his entire family has made to the Nation in supporting his military career. I know I speak for all my colleagues in expressing my heartfelt appreciation to Admiral Ellis. We wish our friend the best of luck. He is truly a credit to both the Navy and the Nation.●

MESSAGES FROM THE PRESIDENT

Messages from the President of the United States were communicated to the Senate by Ms. Evans, one of his secretaries.

EXECUTIVE MESSAGES REFERRED

As in executive session the PRESIDING OFFICER laid before the Senate messages from the President of the United States submitting sundry nominations which were referred to the appropriate committees.

(The nominations received today are printed at the end of the Senate proceedings.)

MESSAGE FROM THE HOUSE

At 12:26 p.m., a message from the House of Representatives, delivered by Ms. Niland, one of its reading clerks, announced that the House has passed the following bills, in which it requests the concurrence of the Senate:

H.R. 1856. An act to reauthorize the Harmful Algal Bloom and Hypoxia Research and Control Act of 1998, and for other purposes.
